

NOTE: TEXT IN **RED** pertains to the *lawful* functions of Save-A-Patriot Fellowship that a federal court ordered to cease in 2008. Due to that order, services are no longer available with respect to the IRS (a federal agency), and therefore, areas of red text do not constitute any part of this agreement. Services that the Fellowship CAN now provide for its members include Freedom of Information Act (FOIA) requests, Privacy Act requests, and state tax investigations and responses.

The **Save-A-Patriot Fellowship** (SAPF) is a national organization of American Patriots who have joined together to resist the illegal actions of government agencies who knowingly or unknowingly deceive the public. We are tired of being threatened and intimidated by the bureaucrats who run these agencies, and will no longer tolerate the illegal actions of those in our own government, all three branches.

Face it: the bureaucrats who are endowed with perpetual control of our government keep the people in line by FEAR. They use the media to plant stories suggesting that resistance is futile and that the IRS is invincible. Then they publish stories showing that reprisal will be swift and financially painful. These "reminders," and a lifetime of financial conditioning, make it difficult for most people to take the first step.

To our knowledge, there is no insurance company willing to buck the establishment's system and insure Patriots against the criminal acts of the

IRS and State agencies. Our only alternative was to start and maintain our own. However, creating and operating a conventional insurance company would be impossible. The bureaucrats would insist on our submitting to the dictates of the insurance commissions to the detriment of the Patriot, who would be left with nothing but promises. If we had taken that route, in no time at all we would have been expending funds on legal actions against government regulatory agencies, rather than directing our efforts against the illegal acts of government employees. Furthermore, it would be necessary to conceal any money received on insurance claims from the prying eyes and hands of the IRS. We would have wasted our time fighting on their grounds and on their terms, which would have been an inefficient use of our available funds.

There was, and is, only one logical answer: a FELLOWSHIP that gives the Patriot insurance-like protection to Save-A-Patriot!

HOW DOES IT WORK?

Fellowship members pledge to reimburse other members for losses of cash or property incurred from illegal confiscation by the IRS and/or their brothers in state taxing agencies. This is done by spreading the reimbursement costs to all members. Since 1984, the Fellowship has helped members recoup their losses due to the illegal actions of the IRS. Under its earliest program, when a member in good standing lost property or was incarcerated, he or she put in a claim for the actual amount of the loss or the incarceration, and the Fellowship assessed its members their apportioned share of that amount.

For example, "John Freeman" became a member of SAPF. After a stubborn and valiant

fight through every phase of the bureaucratic maze and the courts, the IRS illegally confiscated his car, valued at 9,000 FRNs (Federal Reserve Notes, commonly referred to as 'dollars'). His fellow members were assessed their share (in the case of 1,000 members, the apportioned share would be 9 FRNs per member). Mr. Freeman got equal value for his loss. If Mr. Freeman was incarcerated, the Fellowship assessed the members 25,000 FRNs for him for any full or partial year of incarceration. But that was before the

VICTORY EXPRESS! ... all aboard!!

With the "Victory Express" program in place, each member is now assessed a 10 FRN minimum per claim, *regardless* of the size of the claim, and no matter how large the membership becomes. For example, when the membership hits 50,000 members (In 1984, the federal government stated that the number of participants in the Tax Patriot part of the Constitutional Revival Movement was 80,000 — what is it today?), members will be shouting, "Attack me, come after me!" At 10 FRNs minimum assessment per member, the received amount would be 500,000 FRNs for going to a federal prison camp or for the loss of a car regardless of its actual value. Most people don't make that much money working for years. The fear of incarceration loses its sting, since the incarceration assessments are for *each* year or any *part* of a year. What will happen when the membership reaches 100,000? We believe this will cause enrollments to explode!

Using the example of Mr. Freeman: if the membership numbered only 2,000, he would receive 20,000 FRNs (10 FRN minimum times 2,000) for his 9,000 car. That's a *profit* of 11,000 FRNs for losing his car. Can you imagine? With 100,000 members, most likely we'd see IRS agents contemplating and maybe even lining up to become members. The bigger we get, the better the support will get. Now, with the *Victory Express*, Americans more then ever can **assert their Constitutional rights** and obey the law **as written** without FEAR. Presto, Mr. Freeman's friends lose their fear of the IRS and join the Constitutional

Revival Movement.

The surest and safest protection for funds is to keep them in the hands of the insured. The only money sent to SAPF Headquarters is the annual 99 FRN membership participation fee (tendered in FRNs or totally blank postal money order). This fee is used for SAPF administration (staff, rent, phone, printing, equipment, postage, etc.). All other moneys assessed for the benefit of a member's loss are sent *directly* to that member claimant by other SAPF members, after receipt of the claim that has been verified by the SAPF Headquarters staff.

This program does not make it cost effective for the IRS to confiscate Mr. Freeman's auto, if he resists properly. If the **loss** to the Patriot is nothing, but is actually a **profit** — and the expense to each member is only 10 FRNs — THEN WHO IS THE REAL LOSER?

With this kind of protection (\$\$\$), Americans will not only lose their fear of the IRS, they'll be standing in line *wanting* to go to jail! In other words, the socialists' house of cards will collapse — SO THAT LIBERTY MAY BE RE-STORED THROUGHOUT THE LAND!

CONCLUSION

The Save-A-Patriot Fellowship Program is a brilliantly simple defensive weapon whose success has been phenomenal. It will be even more successful now with the Victory Express. You can snap one pencil in half with very little effort, but try it with a fistful! In any battle, the allied participants must support one another or the enemy will "divide and conquer." Over the years, it has become evident that the socialists in government are unified in support of one another and worship only themselves, the money they control, and the power they wield. Their god is the god of materialism, and their goal is a one-world socialist government where their authority can no longer be challenged. Any payment to the government that is not actually required by law is no different than a tithe or free-will offering to a church - except that in this case, it furthers the agenda of those socialists who are usurping the Constitution. The Constitution is the supreme law of the land, and therefore it is the "authority" that God has placed

over us.

By the application of a little logic, one can see that making voluntary payments to a government that is in rebellion against the established authority is no less than rebellion against God. If we are to contend for the faith, then we must stand unified in the support of our King when He orders us to: "Stand fast therefore in the liberty wherewith Christ has made us free, and be not entangled again with the yoke of bondage." — Galatians 5:1.

THE AGREEMENT

<u>Member</u>: A Member is a Patriot who has paid the annual participation fee to Save-A-Patriot Fellowship (in FRNs or a TOTALLY BLANK POSTAL MONEY ORDER), and has agreed to abide by the Fellowship Program Agreement.

<u>Member's Identification Number</u>: This number is assigned to each applicant to the Fellowship upon SAPF's receipt of the application and participation fee. The I.D. number must be used in all correspondence related to a Claim. A Member making an apportioned payment to a claimant uses his/her I.D. number <u>only</u>, not their own name. On the envelope used to convey the apportioned payment, the return address should be the Member's I.D. number and SAPF's address.

<u>Coverage</u> Offered: For civil claims, up to 150,000.00 FRNs; for criminal claims, up to 25,000.00 FRNs per year.

<u>**Civil Coverage:**</u> Will be paid in FRNs or a TO-TALLY BLANK POSTAL MONEY ORDER directly to the Member claimant or his/her assign (accompanied by the paying Member's I.D. number), only after SAPF HQ has determined that a valid claim does exist and that the claimant, to the best of his/ her ability, has taken advantage of every agency appeal procedure and court proceeding lawfully possible; and only after SAPF has verified the actual market value of the real and/or personal property confiscated.

<u>Criminal Coverage</u>: Apportioned to the membership at a minimum of 10 FRNs per member by SAPF, to be paid (in FRNs or TOTALLY BLANK POSTAL MONEY ORDER) <u>directly</u> to the claimant or to his/her assign (accompanied by the paying Member's I.D. number). This is only after SAPF HQ has determined that the claimant Member is actually incarcerated and is given physical proof that said Member, to the best of his/her ability, resisted and delayed the tyrants at every step through the criminal investigation and all other agency and court proceedings feasible. Such payments will be made annually until the end of the incarceration. Any partial or full calendar year a member is incarcerated will be treated as a **full** year.

<u>Claimant</u>: A Member in good standing, whose annual participation fee and member assistance assessments are paid up to date and who has physical proof of using the administrative and legal process in every way possible, civilly and/or criminally.

Claims: Proof of a Claim must be forwarded to SAPF along with every Claim. To prevent unprincipled persons from taking unfair advantage of the Fellowship, *a claimant must be a member in good standing 6 months before the occurrence of any act causing a claim*: for civil claims, 6 months before the notice of deficiency [or State taxing agency's equivalent] in question; for criminal claims, 6 months before any grand jury indictment or U.S. or State attorney information. Claims may only be submitted for actions initiated by a State or Federal government agency, not by the Patriot Member.

Civil Claims: These cannot be submitted to SAPF until *after* the confiscation of real or personal property, and must be accompanied by proof of the property value, and verified by a local SAPF Independent Representative or realty appraiser. The benefit amount will be determined by the size of membership, with a 10 FRNs minimum per member. *Note:* Property held by banks, savings and loan associations, stock brokers, insurance companies or any other institution that utilizes electronic money is **not** covered for loss under this agreement. Also, losses that involve questions of lawful money and/or property taxes, and/or contractual agreements with private lending institutions or individuals, are **not** claimable under the Fellowship Program Agreement.

<u>Criminal Claims</u>: These cannot be submitted to SAPF until the Patriot Member is actually incarcerated.

Payment of Claims: Upon receipt of a Claim Statement containing the apportioned amount to be paid and a Claim envelope from SAPF, Members have 35 days to forward their portion of the Claim to the claimant Member. Members **must not** use their name and address in this transaction; only their I.D. number and SAPF's address. Upon receipt of any payment, the Claimant or his/her assign **must** carefully compile all of the Claim envelopes and forward them to Save-A-Patriot Fellowship, P.O. Box 91, Westminster, MD 21158, Tel. (410)-857-4441 (telephone number **must** be used in SAPF's address) within 30 days. Any Member whose Claim envelope is <u>**not**</u> returned to SAPF by the Claimant or his/her assignee, will be terminated for violation of the Fel-

lowship Agreement. To be reinstated and be able to make a Claim for themselves, a delinquent Member must show proof of excusable neglect to SAPF.
